

TBE 103	Asynchronous electric motors
TBE 104:1	Rack and Panel Mounted Process Instrumentation
TBE 104:2	Field Mounted Process Instrumentation
TBE 106:1	Programmable Electronics (PE) with Programmable Application
TBE 106:2	Programmable Electronics with a complex Fixed application
TBE 106:3	HDL-programmed integrated circuits
TBE 108	Technical Requirements for electrically powered valve actuators
TBE 110	Electrical containment penetration assemblies
TBE 111	Technical Requirements for Cable
TBE 112	Technical Requirements for Solenoid Valves
TBE 113:1	Technical Requirements for stationary batteries vented types
TBE 113:2	Technical Requirements for stationary batteries valve regulated types (AGM)
TBE 116	Dry-type power transformers
TBE 118	Low and medium voltage switchgears and control gears
TBE 120	Power electronics
TBE 122	Technical Requirements for Optical Cables
